INTRODUCTION 企业简介

东莞市维品电子科技有限公司成立于2009年，立足中国广东省东莞市，放眼发展全球，专注光储逆变器连接器研发生产。

公司自成立以来坚持走专业化发展方针，经过不断发展，积累了一批技术精良的产品研发及管理团队。从产品五金模具及塑件模具研发设计；到精密高速冲压成型及精密塑胶射出成型；产品的自动化组装，公司都严格执行ISO9001, ISO14001等管理体系，保证了产品的领先和高性价比，从而为客户拓展更大的竞争优势。

我们把品质视为企业的第一生命，始终坚持科技领先和品牌战略。

产品广泛应用于：光储逆变、工业控制、医疗、5G设备、机器人、汽车等诸多领域，板对板、线对板为主。

Dongguan Winpin Electronics Technology Co., Ltd. founded in 2009, based in Dongguan city, Guangdong Province, China, with a global outlook, focusing on the R&D of connectors for PV, Energy Storage and Inverter.

Since the set-up, WINPIN insists its professional development's direction, by accumulating a smart and high-tech R&D and Management team. From metal and plastic molding design ;precise stamping and overjet molding and automation so on, WINPIN carry out ISO9001 and ISO 14001 management system which ensure the high quality products and reasonable price,as a result, giving the customers a hugh benefit.

We put " Quality " as our NO.1 mission and adhere to technology ahead and brand's strategy.

Products are widely used in: PV, Energy Storage and Inverter, Industrial Control, Medical Equipments, 5G Equipment, Robotics, Automotive and many other fields, mainly Board To Board and Wire To Board.

HONOR 荣誉资质

STAMPING INJECTION 冲压注塑

公司集精密模具研发、生产和加工于一体，引进日本及台湾精密高速冲床15台，注塑机20台，现有各类连接器模具300多套，五金端子模具240多套，同时拥有一批行业经验8年以上的管理人员和资深专业的技术人员，雄厚的设备保障体系和技术支持体系，以确保产品的品质和快速交货的需要。

以市场为导向，致力于塑胶成型的研发工作中，不断追求技术创新，永远提供优质产品。

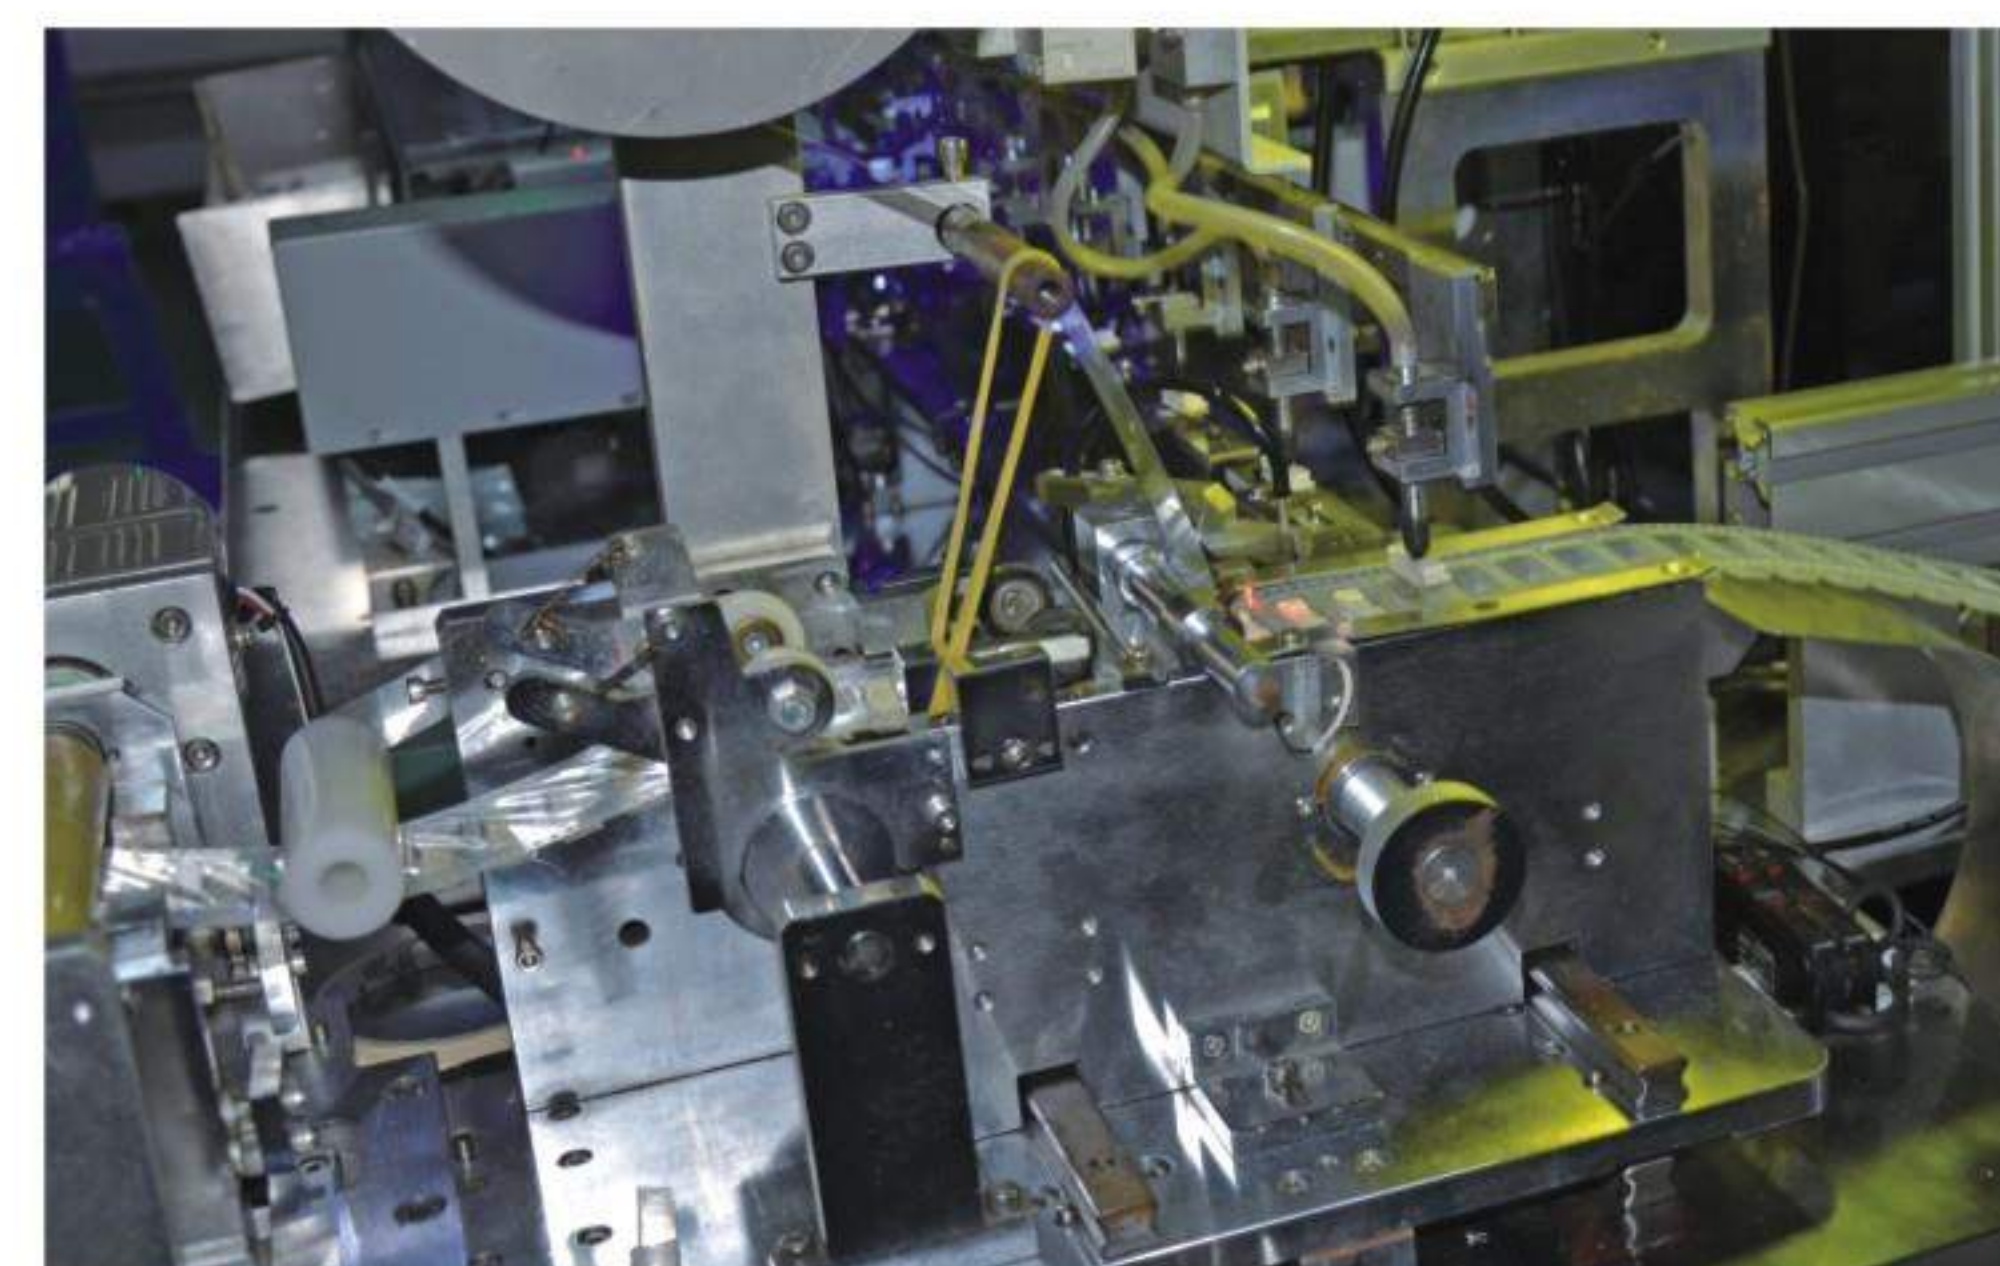

The company integrates R&D, production and processing of precision molds. It has introduced 15 precision high-speed punch presses from Japan and Taiwan, 20 injection molding machines, more than 300 sets of various connector molds, more than 240 sets of metal terminal molds, and a group of industries. Managers with more than 8 years of experience and senior professional technicians, strong equipment guarantee system and technical support system to ensure the quality of products and the needs of fast delivery.

Guided by the market, we are committed to the research and development of plastic molding, constantly pursuing technological innovation and always providing good products.

AUTOMATED ASSEMBLY

SOUND QUALITY SYSTEM 完美的品质体系

专注每个细节、每个过程、严格控制质量。

为防止不良品的发生及流出，对每个环节进行严格的检查。同时为避免发生及交付不良产品，对生产工序和供应商实施彻底的质量指导。

对于现场发生因制造导致的问题以及产品检查工序中发现的工序内错误，将追究至负责操作人员，彻查原因。确切掌握错误产生的原因，不断改进，防止问题再次发生。

检测严格参照作业标准书，进行品质检查，确保所有产品品质优良。

Focus on every detail, every process, and strictly control quality.

To prevent the outflow of non-performing products, going-over to every link, at the same times in order to avoid the rejects, we will implement guide the tuality Assurance Lead to production processes and vendor.

In order to prevent the occurrence and outflow of defective products, strict inspection is carried out for each link. At the same time, in order to avoid the occurrence and delivery of defective products, thorough quality guidance is given to the production process and suppliers. In the event of problems caused by manufacturing and errors in the process of product inspection, the responsible person will be investigated and the cause will be thoroughly investigated. Knowing the cause of the error, we will improve it, to prevent the problem from happening again.

The inspection strictly follows the operation standard rules and carries out quality inspection to ensure that all products are of good quality.

WORK RIGOROUSLY, DETAILS-ORIENTED

严谨做事，专注细节

每个员工都经过严格岗前培训，合格后方可上岗。

标准化的组装工艺流程，确保每个工序的组装达到标准要求，提高组装的精准度与品质。

Each employee has undergone strict pre-job training and is qualified to work. The standardized assembly process ensures that the assembly of each process meets the standard requirements, to improve the accuracy and quality.

REVIEW OF PREVIOUS EXHIBITIONS 历届展会回顾

历年展会掠影，德国，印度，上海，成都，西安，山东从开始到现在我们一直在努力

Glimpse of Exhibitions · Germany, India, Shang Hai, Cheng Du, Xi'An, Shan Dong, we have been working hard on the way since the right beginning.

HONORARY CUSTOMER 名誉客户

CUSTOMER FACTORY SILHOUETTE 客户厂内剪影

逆变器—连接器

维品连接器已成熟应用于并网逆变器、储能逆变器、离网逆变器、BMS、等产品，已获得多家上市企业一致好评。

Inverter – Connector

Inverter connector has been widely used in grid-tie inverters, energy storage inverters, off grid inverters, BMS, and other products, and has received unanimous praise from multiple listed companies.

储能—连接器

维品连接器为多家知名企业提供标准型到定制型储能连接方案。

Energy storage – connector

WINPIN connectors provide standard and customized energy storage connection solutions for multiple well-known enterprises.

充电桩—连接器

维品连接器为充电桩领域客户提供优质的连接器、线束定制化服务。

Charging Station – Connector

WINPIN connectors provide high-quality customized services for connectors and wiring harnesses for customers in the field of charging stations.

汽车—连接器

维品连接器为多家知名企业提供标准型到定制型储能连接方案。

Automobile – Connector

WINPIN connectors provide standard and customized energy storage connection solutions for multiple well-known enterprises.
